

36.7 million people are living with HIV/AIDS  
in the world today, with 5,750 new infections  
occurring each day.

## HOW CAN YOU HELP?

## GET ON A BIKE!

We're riding from Charlottesville, VA to Washington, DC to benefit the  
**Emory Vaccine Center** and the **UCLA AIDS Institute**.

100% of funds raised will be given to them so they can continue to  
research new and innovative ideas to find a vaccine for HIV/AIDS.
