

Finding an AIDS vaccine takes innovative research, advanced technology, money and about 125 cyclists with big hearts.

How can you help? Get on a bike.

*We're riding in and around Burlington, VT to benefit the **Emory Vaccine Center** and the **UCLA AIDS Institute** with 100% of the money raised going directly to them so they can do what they do best: research new and innovative ideas to find a vaccine for HIV/AIDS.*

Riders, crew and volunteers are needed. Want to know more? Contact mark@charitytreks.org, or visit our website at <http://www.charitytreks.org/>.
